Car Purchase and Crash Document Tracker

ARASH LAW
INJURY LAWYERS

Use this tracker to organize the key dates and documents from your car purchase through the crash and insurance claim. It helps your lawyer see what happened, when it happened, and which records support each event. Mark unknown dates as "unknown" and request missing records from the dealer or insurer.

EVENT	DATE	DOCUMENTS TO SAVE	WHAT THEY HELP ESTABLISH
Car Purchase	_____	Signed contract, payment receipt, financing agreement.	When you bought the car and the purchase terms.
Vehicle Delivery	_____	Delivery receipt, pickup message.	When you received the car.
Report of Sale	_____	Report of sale, temporary registration, plate photo.	Buyer details, VIN, and initial registration paperwork.
DMV Filing or Correction	_____	Filing receipt, DMV notices, dealer correspondence.	Whether an application was submitted or returned.
Insurance Effective Date	_____	Policy, declarations page, coverage confirmation.	Coverage potentially in effect on the crash date.
Insurance Notification	_____	Agent emails, messages, call records.	When you reported the purchase.
Crash Date	_____	Crash report, photographs, witness contacts.	What happened and which vehicle was involved.
First Medical Visit	_____	Medical records, bills, work restrictions.	When treatment began and the related losses.
Insurer Response	_____	Claim letters, estimates, offers, releases.	The insurer's position and proposed payment.

OTHER NOTES

If the records do not match, ask how your lawyer will investigate the car accident and confirm the vehicle's identity.
